

We are excited to introduce you to Dallas Bible's Leadership Academy. The purpose of this program is to provide a developmental experience within a non-profit religious environment. The vision of our academy is to see a host of laborers, from all walks of life intimately following Christ daily, passionately serving him in ministries that are as distinct and unique as they are, and purposefully multiply themselves into the lives of other emerging laborers.

## **The Format**

### *The Ministry*

Our Academy is a 10-week program. From June - August. We ask each participant to come on Tuesdays 9:30-2:30, Sunday's mornings, and + 1. This time focuses on training in personal life issues, leadership issues, Church issues, the Bible, and Ministry Involvement. The +1 is based on your specific department you hope to gain the most knowledge of over your time here. It may only be one extra evening, one hour, or one special project that week. Outside of Tuesdays there is a lot of flexibility.

### *The Mentoring*

During this Summer, each participant will hear from multiple staff members as a guide and help process the growth they are receiving. All participants will fall under the general direction of our Executive Pastor. You will be able to learn leadership and organizational best practices from all areas of our ministry and hopefully form some connections to assist you as you further your own spiritual and leadership development.

### *The Moonshot*

We all need something that will stretch our intellect, capabilities, comfort zones, and understanding of how the world works. During our time we will have a few activities and excursions to do just that.
